VIPIN PATEL

Kanpur, Uttar Pradesh | 9721712389 | vipinpatelvp23@gmail.com | linkedin.com/in/vipin-patel-b701ab400

PROFESSIONAL SUMMARY

B.Tech student in Computer Science & Artificial Intelligence seeking a Software Development or Backend Development internship. Hands-on backend project experience building DermaScan AI, an image-based skin disease detection system, using Python, Flask, and FastAPI. Comfortable with SQL, HTML/CSS, Node.js, and core concepts including Data Structures, DBMS, and Operating Systems.

EDUCATION

Pranveer Singh Institute of Technology, Kanpur | *Expected 2028*
Bachelor of Technology (B.Tech) in Computer Science & Artificial Intelligence (CSAI) | CGPA: 7.0

TECHNICAL SKILLS

Programming Languages: Python, Java
Web & Backend: HTML, CSS, Node.js, Flask, FastAPI
Database: SQL
Tools: Git, GitHub, MS Office
Core Concepts: Data Structures, DBMS, Operating Systems

PROJECTS

DermaScan AI — Skin Disease Detection System | *Python, Flask, FastAPI, SQL* | *Ongoing*

- Contributing to backend development of an AI-based system for image-based detection and classification of common skin diseases.
- Building API endpoints using Flask and FastAPI to connect the prediction model with the application.
- Handling request processing and backend logic to support core application functionality.
- Using SQL to store and manage patient and image records tied to predictions and result tracking.

Personal Portfolio Website | *HTML, CSS, Node.js* | *Ongoing*

- Designing and developing a personal portfolio website to showcase projects, skills, and certifications.
- Building the frontend with HTML and CSS and a Node.js backend to serve pages and handle routing.
- Maintaining the project on GitHub with clear documentation.

CERTIFICATIONS

- Basic SQL — Coursera
- Introduction to Software Engineering — Coursera

RELEVANT COURSEWORK

Data Structures, Database Management Systems (DBMS), Operating Systems

ADDITIONAL INFORMATION

- Actively learning Python and Java through self-study and college coursework.
- Interested in software development, backend development, and problem-solving; eager to learn new technologies.
